January 20, 2022

1:00pm-3:00pm

Via Zoom

Attendees: 74 individuals joined the meeting

Watch meeting recording here: <https://youtu.be/-3pyv7UqO44>

Welcome and Introductions

Julie LeFils, KPFP Executive Director

- **2022 CHNA**

Our community is in the process of gathering information for our 2022 Community Health Needs Assessment (CHNA). We would like to learn more, firsthand, from service providers like YOU in the community about the challenges, barriers and concerns you have - by inviting you to participate in a Focus Group.

WHAT IS A CHNA?

The CHNA Report represents the collaborative work between community members, stakeholders and hospital leadership in providing insight, identifying, gathering and analyzing the health needs of our community. Additionally, this committee will partner to prioritize our key health needs and assess the local resources that provide support to these needs.

FOCUS GROUP INFO

Length: 90 mins

of People: Not to exceed 10 people and is in accordance with local COVID County Health Guidelines.

Location: Adventist Health. We will not be conducting any virtual focus groups.

Date/Time: **February 16th from 2:00-3:30pm**

Interested in participating? Fill out [this form](#)

- **Workgroups**

- Substance Use Prevention Workgroup
Learn more [here](#)
- Healthy Eating/ Active Living

- Learn more [here](#)
- Kings County Mental Health Taskforce
Learn more [here](#)
- KCWA
Learn more [here](#)

To join a workgroup, fill out [this form](#) or email karina@kfpf.org

- **Calendar invites**

With the new year, I am going to try something a little different in regard to the taskforce calendar invites. It seems that last year there were a lot of technical difficulties with calendar invites constantly being resent and updating each time I would add new participants. **For this reason, I will not be sending out a calendar invite but instead, will be giving you the registration link for the meeting.** After registering, [this link](#) will allow you to add the dates to your own calendar and will also provide you with the Zoom meeting link.

*You only need to register once after adding the link to your calendar.

Karina will also include the link into the meeting reminders and weekly emails.

This process will also apply to workgroup calendar invites.

If you have any questions or need any help, please email karina@kfpf.org.

- **Feature Friday**

We are continuing our Feature Friday for social media but we are looking to step it up, which means we need YOUR help! We are wanting to highlight more in-depth what the organizations in Kings County are doing. We want to be able to come out to your location or to an event you are hosting and get content to create a small video or collage of all the amazing work your organization is doing.

In order to do this, we need your help in getting a contact so that we can come out and get the content we need the week of your feature. Ready to highlight your organization? Fill out [this form](#) and Cameron will be in contact with you ASAP! Have any questions? Email Cameron at cameron@kfpf.org. THANK YOU for all that you do in Kings County!

Roundtable

- Juliette Martinez (American Heart Association)- AHA will have a community conversation on maternal health in diverse communities next **Thursday, January 27th**. Will have

providers from community medical centers Saint Agnes and Fresno County WIC program. Information regarding mortality, hypertension, pregnancy.

Will also have an opportunity to work with faith-based organizations around implementing a Self-Monitoring Blood Pressure Program in Spanish and English. Will provide blood pressure cuffs and education and would also like to integrate some community health workers as part of this work. Looking for 3-5 CBOs to join this. There is also a continued need for strengthening relationships with community-based organizations around mental health support, cardiovascular disease, and education awareness. Additionally, if there are any schools or organizations that work with you that would like heart-healthy information for their schools and their families at no cost we have some called the Kids Heart challenge curriculum that goes through K through 12. We want to make sure that we're trying to help prevent heart disease by getting education into our communities earlier and if there are funding opportunities for you we are always happy to see how we can partner together.

- Ken Baird (Family Member Support Group)- During our last meeting on Tuesday we made the decision to go back to online meetings for the next few weeks. In the last couple of months we've had several new people come. It's been a wonderful positive experience to be able to participate in and that many people in crisis have left feeling assured and supported within the community. We meet on the **first and third Tuesdays of every month**. If you or if you know somebody who is interested in the support group, you can go on to the KPFP website and there's a phone number there. You will have to call and we'll get your email and then we will get you set up for the zoom meeting. If any of you that provide Health Services would like to get our cards that we use to give a short introduction to who we are and help people find us. If you would let Ken know or go to the Behavioral Health office to receive these.
- Alix (The Source)- We do have our new campus in Visalia but we still do pop-ups here in Kings County at the Behavioral Health Center. In the next couple weeks I'm hoping to add a youth night to where we just have a bunch of youth come together, meet each other, get to know each other and not feel like they're the only ones in the county. We are opening up our Leadership Academy applications on Friday. It's going to be a 12-week program where we pick 10 participants. They learn different things from LGBTQ history, public speaking, and advocacy. I'm working on a new flyer for the pop-ups to kind of add some of those dates
We are also having a Drag Story Hour at our Source campus. It's a family-friendly event outside. You're welcome to bring blankets and kind of sit out and listen. It's a bilingual Story Hour from **11 a.m. to 1 p.m. on January 29th**. We are also bringing back Drag Queen Bingo in February
- Grecia Lopez (California Health Collaborative)- The California Prep program provides comprehensive sex education around Kings County and we are also part of the Sexual & Reproductive Health Coalition. Our next meeting is on **February 1st at 3:30pm via zoom**. Flyer will be posted in weekly email.
- Muriel Gobeia (California Health Collaborative)- We're hiring. There are a lot of positions open in Kings County such as school counselor, youth program manager, family

engagement coordinator, youth development specialist. The flyer will be posted in the weekly email.

The Kings County Tobacco Control Coalition first meeting of the year will be held next month on **February 9th from 11am to 1pm**. If you work in any type of tobacco work or are just interested in hearing about what we are doing in the community, I invite you to attend. During the next meeting, we will be putting together our mission statement and our Coalition goals. We will also be showcasing our new Kings County Tobacco Control Coalition website. We're really excited to get some feedback.

Email: mgobea@healthcollaborative.org

- Reagan Caldwell (California Health Collaborative)- We have a Youth Coalition in Hanford. Flyer will be posted in the weekly email. We are recruiting more members from age 13-18.
Email: rcaldwell@healthcollaborative.org and visit us at unidosporsalud.net our IG is @UnidosPorSalud
- Yvette Olivera (Kings United Way/ Kings Referral Exchange) - We are going to be doing Referral Exchange demos on the Third Tuesdays of every month from 2-3:30pm.
Register here:
<https://zoom.us/meeting/register/tJ0sce6gqjotHtXcCycNn4LFJIT9YLqYJj-Y>
- Jeff March (Soup Kitchen)- We are still looking for volunteers who are willing to adhere to COVID regulations;
Call: Mgr. Carole Farris, 559-362-6431
Email: kitchenmanager@ecsaviour.org
- Sara Florez (WestCare)- Officially started enrolling clients for our Tree Program. This is an addition to what we currently do as far as outpatient services but this also implements a lot of family activities. [Click here](#) for the referral form. If you have any adolescents ages 12- 17 who you feel would benefit from our services, then go ahead and fill out the referral form.
- Bethany Burnes (KCAO)- I will be helping the Homeless Alliance do the PIT count on Monday. We will be walking around trying to help get the homeless count and help verify those numbers for the county. If anybody knows of anybody that has any housing needs or is street homeless and needs hygiene supplies, you can always reach out to me and I'm more than willing to go out there and help.
Email: bethany.burnes@kcao.org, 559-362-0284
 - If you know of homeless locations or hotspots, please let Kings United Way know. One of the things they are focusing on is donations for homeless pets. K UW is collecting donations until Friday for pet treats and food. Gift cards are also accepted.
