Work Life Balance by 4Creeks

Presenter

Molly Muirhead
Chief People Officer
mollym@4ch.co
(559) 802-3052

Molly Muirhead is the Chief People Officer at 4CH – a dynamic family of companies including 4Creeks, 4CG Construction, Sentinel and Topograph. Molly brings a profound dedication to empowering individuals and fostering meaningful connections within the workplace. With a career spanning a decade at the intersection of HR and Marketing, Molly has emerged as a driving force in shaping the landscape of organizational culture and human resource practices.

At the helm of 4CH's HR and Culture initiatives, Molly embodies a deeply interpersonal approach, recognizing that the organization's success lies in the growth and fulfillment of its people. Molly has led the charge in nurturing a culture of empowerment and ownership that transcends traditional HR practices. She is focused on cultivating an environment where individuals thrive, and the businesses flourish in tandem.

Molly finds solace and inspiration in the other crucial role she plays: a parent and a mentor. With two young children, she cherishes every moment she gets to spend with her kids and husband of 10 years. Outside of work and family, Molly loves coaching and playing tennis. She is currently helping coach the Redwood High School JV and Varsity girl's tennis, helping empower young women on and off the tennis court.
