

*Reproductive and Sexual Health Workgroup
Wednesday, August 29, 2018 • 9:00-10:00am • Kings County Health Dept., Winkler Room*

MEETING NOTES

- ❖ Data – The group reviewed data on STDs and teen pregnancy from Public Health, CDC, and kpfp.org. Kings County's numbers for sexually transmitted disease is growing. And while teen birth rates appear lower than California rates, we know that aborted pregnancies are not included in that data. Therefore, the group decided to work on both areas. Julie will put together some goals & objectives and send them out to the group to review before the next meeting. Julie asked the group to think about the following questions and be ready to share their answers at the next meeting:
 - How can we help each organization at the table in a way that enhances your mission?
 - What question do we want to ask on the next Got Needs survey?

- ❖ Roundtable
 - Tulare/Kings Right to Life to host their 23rd Annual Making a Difference for Life Banquet with Author Lee Strobel as their guest speaker – September 11th
 - August is Child Support Awareness month and K.C. Child Support Department is working to spread the word and engage with our community. Olivia will send their newsletter to Julie.

Next meeting – Tuesday, September 11, 2018 at 9:00am

Kings County Health Dept., Winkler Room
